

INCIDENT, INJURY, TRAUMA AND ILLNESS POLICY

Mandatory – Quality Area 2

PURPOSE

This policy will define the:

- procedures to be followed if a person is ill, or is involved in a medical emergency or an incident at the service that results in injury or trauma
- responsibilities of staff, parents/guardians and the Approved Provider when a person is ill, or is involved in a medical emergency or an incident at the service that results in injury or trauma
- practices to be followed to reduce the risk of an incident occurring at the service.

POLICY STATEMENT

1. VALUES

Black Rock Pre School is committed to:

- providing a safe and healthy environment for all children, staff, volunteers, students on placement and any other persons participating in or visiting the service
- responding to the needs of an injured, ill or traumatised person at the service
- preventing injuries and trauma
- preventing the spread of illness through simple hygiene practices, monitoring immunisation records and complying with recommended exclusion guidelines
- maintaining a duty of care to children and users of Black Rock Pre School.

2. SCOPE

This policy applies to the Approved Provider, Nominated Supervisor, Responsible person, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities at Black Rock Pre School, including during offsite excursions and activities.

3. BACKGROUND AND LEGISLATION

Background

People responsible for managing early childhood services and caring for children have a duty of care towards those children. All service staff have a responsibility and a duty of care to act to prevent accidents and emergencies at the service.

An approved service must have policies and procedures in place in the event that a child is injured, becomes ill or suffers trauma. These procedures should be followed and must include the requirement that a parent/guardian be notified in the event of an incident, injury, illness or trauma relating to their child as soon as possible and within 24 hours of the occurrence.

The National Regulations require an accurate *Incident, Injury, Trauma and Illness Record* to be kept and stored confidentially until the child is 25 years old (Regulation 183(2)).

Under the national legislation, each service must ensure that an entry is recorded in the *Incident, Injury, Trauma and Illness Record* for the following occurrences:

- an incident in relation to a child, an injury received by a child or trauma to which a child has been subjected
- an illness that becomes apparent.

Details that must be entered in the *Incident, Injury, Trauma and Illness Record* include the following:

- the name and age of the child
- the circumstances leading to the incident, injury or trauma, or relevant circumstances surrounding the child becoming ill (including any symptoms)
- the time and date the incident occurred, the injury was received or the child was subjected to the trauma, or the apparent onset of the illness
- the action taken by the service, including any medication administered, first aid provided or medical personnel contacted
- details of any person who witnessed the incident, injury or trauma, or the apparent onset of illness
- the name of any person the service notified, or attempted to notify, of any incident, injury, trauma or illness that a child suffered while being educated and cared for by the service, and the time and date of the notifications/attempted notifications
- the name and signature of the person making an entry in the record, and the time and date that the entry was made
- signature of a parent/guardian to verify that they have been informed of the occurrence.

All information will be included in the *Incident, Injury, Trauma and Illness Record* as soon as is practicable, but not later than 24 hours after the incident, injury or trauma, or the onset of the illness.

Medical emergencies may include serious health issues such as asthma, anaphylaxis, diabetes, fractures, choking and seizures. Such emergencies generally involve only one child, however they can affect everyone in the children's service. In some cases it will be appropriate to refer to specific policies for guidance, such as the *Dealing with Medical Conditions Policy*, *Asthma Policy* and *Anaphylaxis Policy*.

Legislation and standards

Relevant legislation and standards include but are not limited to:

- *Education and Care Services National Law Act 2010*: Section 174(2)
- *Education and Care Services National Regulations 2011*: Regulations 77, 85–87, 103, 177, 183

- *Public Health and Wellbeing Regulations 2009* (Vic)
- *Occupational Health and Safety Act 2004* (Vic), as amended 2007
- *Occupational Health and Safety Regulations 2007*
- WorkSafe Victoria Compliance Code: *First aid in the workplace* (2008)
- Australian Standards AS3745–2002, Emergency control procedures for buildings, structures and workplaces
- *National Quality Standard*, Quality Area 2: Children's Health and Safety
 - Standard 2.1: Each child's health and physical activity is supported and promoted
 - Element 2.1.1: Each child's wellbeing and comfort is provided for, including appropriate opportunities to meet each child's need for sleep, rest and relaxation.
 - Element 2.1.2: Effective illness and injury management and hygiene practices are promoted and implemented
- *National Quality Standard*, Quality Area 3: Physical Environment
 - Concept 3.1: The design and location of the facilities is appropriate for the operation of a service
 - Concept 3.1.2: Premises, furniture and equipment are safe, clean and well maintained
- *National Quality Standard*, Quality Area 7: Governance and Leadership
 - Concept 7.1

- Concept 7.1.2 Systems are in place to manage risk and enable the effective management and operations of a quality service

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual

AV How to Call: Questions that the service has completed containing all the information that Ambulance Victoria will request when phoned. Questions can be downloaded from <http://ambulance.vic.gov.au/community-education/education/calling-an-ambulance/>

Emergency services: Includes ambulance, fire brigade, police and state emergency services.

First aid: The provision of initial care in response to an illness or injury. It generally consists of a series of techniques to preserve life, protect a person (particularly if unconscious), prevent a condition worsening and promote recovery. First aid training should be delivered by approved first aid providers, and a list is published on the ACECQA website: www.acecqa.gov.au/qualifications/approved-first-aid-qualifications

Hazard: A source or situation with a potential for harm in terms of human injury or ill health, damage to property, damage to the environment or a combination of these.

Incident: Any unplanned event resulting in or having potential for injury, ill health, damage or other loss.

Injury: Any physical damage to the body caused by violence or an incident.

Medication: Any substance, as defined in the *Therapeutic Goods Act 1989* (Cth), that is administered for the treatment of an illness or medical condition.

Medical management plan: A document that has been prepared and signed by a doctor that describes symptoms, causes, clear instructions on action and treatment for the child's specific medical condition, and includes the child's name and a photograph of the child. An example of this is the Australasian Society of Clinical Immunology and Allergy (ASCI) Action Plan.

Medical attention: Includes a visit to a registered medical practitioner or attendance at a hospital.

Medical emergency: An injury or illness that is acute and poses an immediate risk to a person's life or long-term health.

Minor incident: An incident that results in an injury that is small and does not require medical attention.

Notifiable incident: An incident involving workplace health and safety that is required by law to be reported to WorkSafe Victoria. Notification is required for incidents that result in death or serious injury/illness, or dangerous occurrences. For a complete list of incidents that must be reported to WorkSafe Victoria, refer to the *Guide to Incident Notification* on the WorkSafe Victoria website: www.worksafe.vic.gov.au

Serious incident: An incident resulting in the death of a child, or an injury, trauma or illness for which the attention of a registered medical practitioner, emergency services or hospital is sought or should have been sought. This also includes an incident in which a child appears to be missing, cannot be accounted for, is removed from the service in contravention of the regulations or is mistakenly locked in/out of the service premises (Regulation 12). A serious incident should be documented in an *Incident, Injury, Trauma and Illness Record* (sample form available on the ACECQA website) as soon as possible and within 24 hours of the incident. The Regulatory Authority (DEECD) must be notified within 24 hours of a serious incident occurring at the service (Regulation 176(2)(a)). Records are required to be retained for the periods specified in Regulation 183.

Trauma: An emotional wound or shock that often has long-lasting effects or any physical damage to the body caused by violence or an incident.
